

Roofline and Cladding Maintenance

THE COMPLETE ROOFLINE SOLUTION

Freefoam manufacture both roofline and rainwater ranges. This means that by choosing Freefoam you're getting a complete solution designed to fit and work together.

- If you choose a colour, the fascia, soffit and gutter will all match exactly
- All elements of the roofline range are covered by Freefoam's 50 Year Lifetime Guarantee.
- All Freefoam products are protected by extra UV Protection.

PVC CLADDING – THE IDEAL ALTERNATIVE TO WOOD

Suitable for a range of home improvement projects.

- Replace tired and damaged wood
- Replace cracked render
- Replace old hanging tiles
- Ideal for home extensions

One of the main advantages of choosing PVC Fascia, soffit, gutter and cladding is that it is very low maintenance.

Please find information below about how to keep your new roofline or cladding looking good for years to come.

To Clean

Simply wash down occasionally with mild detergent and water.

You can also use a pressure washer, but use on Half Power.

In coastal areas more frequent cleaning may be required.

Avoid the use of solvents and abrasive materials.
